WALKER IS IN HERCULES IN SESSION ON THE DRUG PROBE

Chief of Police Charles Walker was in conference yesterday in San Francisco with members of the State Pharmacy Board, relative to the probe into the alleged ring of "Mexican hop" traffickers, who it is said are flooding sections about the bay with the deadly drug.

Walker did not give any statement last night but intimated that important developments were likely to occur.

Mino Monetto, arrested as a suspected agent of the alleged ring, is still being held in the local station on a charge of carrying concealed weapons.

The investigation has assumed state wide proportions, agents investigating in Los Angeles, San Diego and other southern cities.

ENJOYABLE REUNION AT THE PULSE HOME

An enjoyable family reunion was held Thanksgiving Day at the home of Mr. and Mrs. C. H. Pulse, on Tenth street and Avenue.

The following were present: Mr. and Mrs. Walter A. LaSelle, Attorney Lee D. Windrem and wife, Harry W. Pulse, Miss Wilda Wait, Miss Marion Windrem, Miss Nettie Windrem, Mrs. J. Windrem, Mr. and Mrs. Jack Rickabaugh and Mr. and Mrs. L. Rickabaugh.

THREE CENTURIES AGO

Governor Bradford, the second governor of Plymouth Colony first conceived the idea of Thanksgiving, two hundred and ninety-four years ago—one year after the Mayflower had landed on the coast of Massachusetts.

Can you realize what hardships and misfortunes those early pioneers had undergone—that since then a great nation has been formed, not however, without great difficulty.

Men as well as nations become strong only by overcoming difficulties and by making preparation for the future. In this way opportunities can be seized and not allowed to slip away because of unpreparedness.

This is Thanksgiving week. Will you get the real Thanksgiving spirit by resolving to make every day a brighter one, thereby making every future Thanksgiving a happier one.

Begin today to secure your future and your happiness by saving more money than you have been in the habit of doing, so that when the time comes to build a home or make a good investment you will be ready.

HERCULES IN DOOMED LIST SAYS REPORT

(Special to the News)
SAN FRANCISCO, Jan. 26.—That the Hercules Powder company's plant at Hercules, near Richmond, Contra Costa county was included in the list of powder concerns to be blown up by an alleged syndicate was reported here tonight. Charles Carlos Crowley, special investigator for District Attorney Fickert and former chief special agent of the Southern Pacific in San Francisco was arrested in this city today charged with being a leader in a nation-wide plot to place bombs in ammunition factories and aboard Atlantic steamers carrying war supplies. It is understood that several of the "accidental" explosions in the Contra Costa plant were in reality bombs placed by conspirators.

NO DECISION IS GIVEN BY STATEHEADS

While Commissioners Gordon and Butler of the State Railroad commission took under advisement the petition of the city to open Third, Fifth and Eighth streets, yesterday, they intimated that their decision would be favorable to the city. Gordon and Butler accompanied by City Councilman William Lane, City Attorney D. J. Hall, City Clerk A. C. Paris, City Engineer H. D. Chapman and Fire Chief Roy Lemoin looked over the proposition.

New arguments were presented by the city officials and both commissioners appeared to be convinced that the opening of the street would be an advantage to the city. However, neither would make any statement. They took the matter under advisement and stated that an answer would be sent the council in a few days.

MOOSE DANCE THIS EVENING

NEEDY GIVEN AID BY THE SERVICE BUREAU

Not one local unfortunate and needy family was minus Thanksgiving cheer Thursday. Working like Trojans, the members of the Social Service Bureau dispensed of good cheer to scores in the manner Thanksgiving dinners and clothing. The Bureau's work this year eclipsed that of any previous year and the members are to be congratulated upon their efforts in bringing cheer to the hearts of so many unfortunates.

The anniversary meeting of the bureau was held last night at the Presbyterian church when reports were made. It was reported that through the work of the society the number of needy cases in the city had decreased 80 per cent.

HABEAS CORPUS WRIT WILL BE SERVED TODAY

The Rev. D. W. Calfee, Humane Officer will today secure a writ of habeas corpus to force J. C. Campbell, to produce his son, Kenneth Campbell. Campbell claims that the boy is 2,000 miles away from this city. Calfee is of the opinion that the boy has been placed in some private orphanage.

Young Campbell recently became "too enthusiastic" to make life pleasant for neighbors and as a result a complaint was registered with Humane Officer Calfee. Campbell has refused to inform the police or the humane officer as to the whereabouts of his son. The only resource left is a habeas corpus writ, which will be served today.

TYPHOID VICTIMS ARE RECOVERING; NO DANGER

With no new cases for two weeks and those ill recuperating, Dr. Chas. R. Blaks city health commissioner in a statement yesterday afternoon says that he believes that the threatened epidemic of typhoid fever is under control and that the fever is dying out.

UNFORTUNATES ARE MADE HAPPY BY THE MERCHANTS

Through the generosity of a number of local merchants a large number of unfortunate families enjoyed a real Thanksgiving Day dinner Thursday. H. W. Warkes, local real estate man, contributed more than 500 pounds of turkeys and "trimmings." Contributions of grime during which he distributed the remainder.

ALTA APTS. PURCHASED KELLY HAS BIG DEAL

One of the most important transactions of the year was closed yesterday when M. J. Kelly, prominent and active local realty man sold the furniture and other apparatus of the Alta apartments on Fourth street and Macdonald avenue to W. J. Baggett, of San Jose. The Alta apartments were purchased recently by Wilbur S. Pierce, well known local attorney, at a figure close to the \$50,000 mark.

This sale was also handled by Kelly. Baggett has secured five year lease on the building. Baggett is a "live wire" business man and will be a welcome addition to the city.

TWO EVENTS CELEBRATED

Thanksgiving Day was the occasion for a double celebration at the home of Mrs. J. W. Jensen of San Pablo. It was the anniversary of the twenty-fifth wedding anniversary of Mr. and Mrs. J. R. Morton, parents of Mrs. Jensen, and a merry time was enjoyed. Those present were: Mr. and Mrs. J. R. Morton, Mrs. J. W. Jensen, Mr. and Mrs. L. A. Banta of Oakland; Mrs. E. R. Collins of Oakland; Mrs. Morton of Oakland and Mrs. Archie Morton.

LEGAL BATTLE WILL BE WAGED BY BOY'S PARENTS

The legal battle for the custody of Mildred Schach, daughter of F. H. Schach and Mrs. William Mainwaring, has shifted to the Superior court. Schach, whose charge of kidnapping against Mrs. Mainwaring was dismissed by the court recently has secured an order from the Superior court demanding that

Mrs. Mainwaring come into court to show cause why she should not be adjudged guilty of contempt. Mrs. Mainwaring, who now has custody of the child announces her intention of fighting to have the former court order vacated, the court four years ago in Schach's divorce suit, granting him the custody of the child.

GATHERING AT RENWICK HOME

Thanksgiving dinner at the home of Mr. and Mrs. Charles Renwick, 447 Virginia street was a very enjoyable affair. The guests were: Mrs. Wood, Miss Flood, Miss Hoop, Mrs. T. P. Schafer, Mrs. E. McGuffick, Miss H. Hulen of Oakland, Miss Muriel Fitzgerald, Miss Hazel Cook of Richmond.

TO RETAIN ATTORNEYS TO COMBAT \$25,000 ACTION AGAINST DAILY NEWS

Steps to oppose the damage suit

brought by James P. Arnold for \$25,000 for an alleged libelous article appearing in the Daily News were taken at a meeting of stockholders of the Daily News publishing company last night at the Labor Temple. The meeting was well attended and every stockholder declared his intention of fighting the suit to the "last ditch."

Following a short discussion the meeting adjourned to meet on Monday evening December 6th. At this meeting attorneys will be retained to carry on the fight. It was the general opinion of those present at the meeting that the suit was in reality being pushed by the M. M. & E., labor's greatest enemy.

Considerable evidence has been amassed by the stockholders of the Daily News which will be presented during the course of the trial.

COSTS 30 PLUNKS FOR PRIVILEGE ON CUB

It cost John Sullivan fifteen ducks for the privilege of pulling a ball over on a street and the fine being meted out yesterday by Police Judge William Lindsey Sullivan, an employee of the California Cap works, according to a complaint by constructor W. D. Adams, not only insisted upon pulling the cord but also backed up his contentions with several punches.

BRICK QUESTION STILL PUZZLES THE COMMITTEE

President Tilden presided at the meeting of the Citizens' committee in charge of the John Nicholl, \$25,000 building fund which met last night at the Elks clubrooms. The committee expressed itself well pleased with the plans which will be presented to the council Monday night for the approval of that body.

The plans made up by Architects Ogborn and Nabett call for a two story brick building. The committee was unable to decide upon brick for the structure. The glass brick, most expensive made and considered the most attractive was pre-

ferred by the committee. However there is a difference of \$1500 between this and the red brick and other varieties of brick.

With the exception of the old city hall on the west side, no local building is constructed of the glass brick. The front of the west side structure is constructed of this material, which according to the committee would add greatly to the attractiveness of the building.

Present at last night's meeting were President Tilden, George Lee, Harry Adkison, Fred Eggerth, William Pennington, Councilman Otto Ludewig and E. H. Harlow, James Long, the only other member of the committee was absent.

Tilden appointed the following committee to present the plans to the council Monday evening: Harry Adkison, James Long, George Lee and architects Ogborn and Nabett.

DO YOUR CHRISTMAS SHOPPING EARLY

If you are to "Do Your Christmas Shopping Early," now is the time you must begin.

Thanksgiving Day is now past. Next week comes the first of December—and there you are. Now, there are several strong reasons for doing your holiday shopping early. You have heard them before, but reiteration at this time will not hurt.

If you shop now you will find a larger selection of goods in the stores from which to select your purchases. A wide assortment necessarily means a wider range of prices. So not only will those who shop now be able to make more appropriate gifts, but will be able to buy more cheaply than they can later on.

If you shop now you will find the stores less congested than they will be later on. You will be able to shop with greater comfort.

If you shop now you will find the shopgirls and clerks better able to accommodate you, you can save time and you will save them a lot of hard work.

THE ENEMIES OF THE WILL

The Will is the commander-in-chief of the battle of Life—his army has four regiments—Attention—Judgment—Reason and Habit.

Feeble support from the army means certain defeat—without strong judgment and reasoning powers the Will is unable to gather the force of many true thoughts which are needed to overcome the Enemy.

Good Habits mean much to the commander as the marches against Laziness, Deceit, Superstition, Dishonesty.

The regiment of weak habits—The One Habit Is Lazy—is harder to whip into action than the One accustomed to training.

The regiment of dishonest habits—That One that is Lazy—is harder to whip into action than the One accustomed to training.

The commander cannot himself change the weakness of his army into strength—he requires the aid of every regiment.

Cheerful and intelligent companions—healthy exercise—good books—clean play—much Mental and Physical Work—are the reinforcements that will rout the enemy.

Life is a constant warfare there are many powerful antagonists—And they Know No Fear.

The gas bomb, Dissipation—the cannon, Laziness—the bayonet, Drugs—the machine gun, Immorality—the treacherous spy, Gambling—the barbed wire fence, Dishonesty—are but a few of the foe who continually watch for victims and are ready to seize the first display of weakness.

The army must be strong, powerful, efficient, invincible—to hold its own or gain new ground.

BUSINESS CONDITIONS ARE IMPROVING

Business conditions throughout the country are improving, according to Passenger Traffic Manager Chas. S. Fee, of the Southern Pacific Co., who returned to San Francisco November 12 after an extended trip to the East and Middle West. Mr. Fee said:

"I have visited many of the principal cities in thirty-two States since I left California September 19 last. My route east was over the Sunset Line to El Paso and through the South, with a detour via Phoenix and the 'Apache Trail' to Roosevelt Dam and the copper cities of Miami and Globe. This auto trip of 120 miles, embracing the Salt River and Gila Valleys, as well as Roosevelt Lake and Dam, is absolutely unique and without a parallel in the United States. Two thousand travelers have availed themselves during the past summer of the opportunity of taking this soon-to-be famous auto trip. The United States Fish Commission is making a further distribution of bass in Roosevelt Lake, now a body of water aver-

aging a mile in width and thirty miles in length, where the fishing is already excellent and the necessary facilities provided. Raymond & Whitcomb, the Boston tourist agents, told me that all their transcontinental parties coming west this winter will be routed via the 'Apache Trail' where the traveler can see Indians, to his heart's content as well as the deserted homes of the ancient cliff-dwellers.

"Conditions in the South appear to be steadily improving. Cotton prices are gradually growing better but the most hopeful sign is in the evidence that the one crop plan will soon be thrown into the discard. The severe season of the past year or two has not been in vain as evidenced in many sections of the South. Cotton may remain King for years to come but his subjects will be far more cosmopolitan than ever known before south of the Mason and Dixon line, all of which will spell a steadier and more rapidly growing prosperity.

"Business conditions in the Central and Eastern States certainly far better than when I was in the East last May. At that time there did not seem to be a silver lining to any of the clouds that shut out the view in all directions. There is no boom present or in sight so far as I could judge, although in certain directions it has this appearance, but even in these lines the fact is being brought home that European conditions may not and it is hoped will not continue another twelve months. Back of all this however there is a far better feeling and while in certain lines and in certain sections business, railroad and otherwise, is picking up slowly the general opinion seems to be that the worst is over and an upward turn fairly on the way.

"The great bulk of Exposition travel has come and gone but with it our visitors have taken back a knowledge of the great West, California and the Pacific Coast States that will prove an active and potent factor in the growth and development of all this region, the good effects of which will last many years to come. Exposition visitors, practically everywhere I found had returned enthusiastic over the California Exposition and even as early as the coming winter we will see the results in an increased travel which will not only include the leisure class seeking sunshine and flowers in winter but the home-seeker and home-builder for whom we have almost unlimited room and found- less need."

Several local little enthusiasts gathered at Vallejo Wednesday night to enjoy a program of the Vallejo club. In the main event Shafer like a chicken pecking at a stack of wheat kernels. Then "bingo." He let one drive and Shafer hit the mat. Some of the assembled fans started to ramble. But at the count of nine, Shafer got onto his pins and hugged Sims until the end of the round. The second spasm was uneventful. But in the third, Shafer again kissed the mat. He was as cold as a tombstone. But at the count of nine Mr. Shafer appeared on deck.

Again in the fourth spasm, he hit the mat. This time it looked like a job for the town undertaker. But Shafer at the count of nine once more was amongst those present.

Probably never before in the history of the state has a boy weathered so many storms in one evening. The kid was as flat and cold as an ice prune every time he hit the mat. But he managed to hang on.

Would we had more like this.

Special Notice

BOXING BOUTS AT COUNTY SEAT ARE POSTPONED

On account of rain the boxing bouts scheduled at Martinez were postponed. Plug Milne, the local boxer, who was to have participated in one of the bouts was on the job and as quite a number of fans were amongst those present, it was suggested that Plug take on some miller and a collection taken up among the crowd.

Several dark complexioned lads contemplated taking Plug on, but after considering the matter for several minutes finally decided that life was sweeter.

Clarence English, manager of Plug dispatched a messenger for boxing trunks for one of the shoe-blackening artists but the young man protested. "Heah," he said, "I doan want this white boy tuh mess up my hide, especially with Thanksgiving so dogone near."

So the evening's pastime was called completely off. A card is to be dashed up next month in all probability.

True Lighting Economy Demands Good Electric Lamps

ELECTRIC LIGHTING BILLS are always higher in the Fall and Winter than during the Spring and Summer months.

EVERYONE KNOWS WHY—they realize that the hours of darkness increase greatly as winter approaches—understand how the short, cloudy days make a great deal of artificial lighting necessary in home, store and factory.

The greatest help toward keeping lighting bills where they ought to be consists of using Mazda lamps.

Most people interested in getting the best illumination at smallest expense already use Mazda lamps.

TRY THEM OUT IF YOU HAVE NOT ALREADY DONE SO.

TRAINED FROG WALKING HOSTELRY IS WYLIE'S PET

This is a frog story. And what is more it is positively authentic. For verification inquire of Oliver Wylie, member of the police department and Otto Ludwig, Jr., son of the councilman.

July 16th of this year young Ludwig strolled into the fifth street branch of the police department. In the basement of the building, ensconced on a board set a frog.

And every evening as Wylie winds his way into the station, he first looks to see if "Jimmy," as the frog has been christened is on the job. He has not yet been disappointed. Wylie has taught the frog several acrobatic tricks and will probably enter vaudeville soon.

HI NOTES

Children cried, men shouted, women screamed, and even an old, hard-hearted boiler-maker that was present, dropped a few tears after the basketball game between the second team of the local high school and the first team of Franklin Preparatory High School of Berkeley, last Wednesday night. The visitors emerged victors after the closest, most exciting and hardest fought game of basketball ever played in the gymnasium of the local school. The score at the end of the game stood as follows: Franklin P. H. S. 35; Richmond 2nd-25. Owing to the tie score it was decided that the team scoring the first two points would be declared the winners. After a few minutes of hard playing the visitors scored a field basket which netted them two points and victory.

The features of the game were so many that it would be hard to relate all of the pretty plays made, but those on the local team who starred were Greathouse and Lang. The visitors also had several players who would make good additions on the average high school team. Following is the lineup that fought so valiantly for the honor of the Richmond Union High School: Lang, and Noyes, forwards; Anderson and Greathouse, Centers; Walters and P. Sanborn, Guards.

The second game of the night was also a hard fought affair, with the locals coming out on the short end of the score. The first team bit off a little more than they could chew when they undertook to defeat the varsity 130 pound team of the University of California. The visitors showed their superiority over the blue and red boys to the tune of 32 to 19. The locals looked like sure winners until the last few minutes of play, as they were leading the rah-rah boys by several points, but the pace was too hot and the high school boys, worn down by the aggressive playing of the older and much more experienced opponents, dropped by the wayside. Following is the lineup of the high school used: Jones and E. Sanborn, forwards; Pierson center; Brown and Horvitz, guards. Martin Walters and P. Sanborn were substitutes.

Following the games, dancing was enjoyed and the visitors expressed themselves as having been treated royally by the local team. The high school orchestra of seven pieces furnished the music.
